Coding College Credit Courses

Project EASIER
Fall 2008-2009

Table of Contents

28E courses…
* are part of the regular high school curriculum
* have been approved by the local school board
* are open to all students enrolled in the community college
* are published in the community college's course catalog
* may either be offered at a high school or at a community college
CTE programs through a community college are offered through a 28E agreement.

Coding Notes:
The level is 'C' College Level
Carnegie units for college-credit courses are NOT based on "seat time".
Carnegie units for 28E courses are based on the number of credits given by the local district.

Example 1:

LIT114 American Literature is a 3 credit college class.
The local district decides to give a student taking this course 1 local credit.
A standard 1 credit high school course in this local district is 0.50 Carnegie units.

The SCED code for LIT 114 American Literature would be as follows:

01	054	C	050	xx
↓	↓	↓	↓	↓
English Language and Literature	American Literature	College Level	1/2 Carnegie Unit	refer to page 9 for sequencing

Example 2:

WEL310 Pipe Welding is a 5 credit college class.
The local district decides to give a student taking this course 2 local credits.
A standard 2 credit high school course in this local district is 1.00 Carnegie units.

The SCED code for WEL310 Pipe Welding would be as follows:

13	208	C	100	xx
↓	↓	↓	↓	↓
Manufacturing	Particular Topics in Welding	College Level	1 Carnegie Unit	refer to page 9 for sequencing

SCED Codes for 28E Dual Credit Courses, 2007-2008

SCED Codes for PSEO Courses

PSEO courses...
> * are not part of a school district's curriculum
> * are not listed in a district's course guide
> * have not been approved by the local school board
> * are selected by the students and are approved on an individual basis.
> A student must complete an application or Notice of Student Registration form before enrolling in a PSEO course.

Past course codes for PSEO courses were 13 digits long and began with a number between 30 and 35. There was no course title code, no level, and no sequencing.

> ***Example (Old)***: PSEO Multivariate Calculus 3000005000000

Using the SCED coding scheme, PSEO courses will now be coded with subject areas, course titles (when appropriate/fitting course titles cannot be found use '000'), and level ('C'). Carnegie units are '000' and sequencing is '00'.

> ***Example (New)***: PSEO Multivariate Calculus 02122C00000

Table 1. Crosswalk Reference for PSEO Course Coding

Old PSEO Subject Area Code	PSEO Subject Area	New PSEO Subject Area (SCED)	New PSEO Code*
30	Mathematics	Mathematics	02*ttt*C00000
31	Science	Life/Physical Science	03*ttt*C00000
32	Social Studies	Social Science/History	04*ttt*C00000
33	Humanities	English Language/Literature	01*ttt*C00000
		Fine/Performing Arts	05*ttt*C00000
		Foreign Lang/Literature	06*ttt*C00000
		Religious Education/Theology	07*ttt*C00000
		Communication and Audio/Visual Technology	11*ttt*C00000
		Physical, Health, and Safety Education	08*ttt*C00000
		Computer/Info Services	10*ttt*C00000
		Communication and Audio/Visual Technology	11*ttt*C00000
34	Career Options	Business/Mkting	12*ttt*C00000
35	Vocational/Technical	Manufacturing	13*ttt*C00000
		Health Care Services	14*ttt*C00000
		Public, Protective, and Government Services	15*ttt*C00000
		Hospitality and Tourism	16*ttt*C00000
		Architecture/Construction	17*ttt*C00000
		Ag/Food/Nat Resources	18*ttt*C00000
		Human Services	19*ttt*C00000
		Transp/Dist/Logistics	20*ttt*C00000
		Engineering/Technology	21*ttt*C00000

* '*ttt*' is where the course title code is to be entered

NOTE: Make sure that each PSEO course is coded with its own unique local course number and name for an accurate count of PSEO courses taken in your district.
